It is strange that in a world that still comprises many great non-European civilizations, some of which are

Arnold Toynbee, the well-known British historian, has responded to this unique phenomenon with the view that
“Western civilization is aiming at nothing less than the incorporation of all of mankind in a single great society.”

The ultimate European goal, however, was to make possible the return of the Jews to the Holy Land and the establishment of a Jewish state.

The Qur’an (al-Anbiyah, 21:96) has very plainly declared that when Y’ajuj (Gog) and M’ajuj (Magog) were expelled from the land of Canaan, Allah said:
“I have brought forth from among My servants such people (i.e. Gog and Magog) against whom none will stand.”

It is clear from the above that modern European civilization is the civilization of Gog and Magog. And so, it is no wonder that the modern secular state is the state of Gog and Magog.

My book, ‘Jerusalem in the Qur’an’, also explains the phenomenon of Dajjal, the False Messiah. He comes at the end of the world, and he is the son of the woman who was forbidden to marry by Allah.

The reader should understand that the modern secular state formed an essential part of the overall political system of the modern world.

THE MYSTERY OF THE MODERN SECULAR STATE

The modern secular state emerged in consequence of the application of secularism to political philosophy.

- A scientific and technological revolution delivered unprecedented power to Europe. That power was then used to oppress all those who resisted the new masters of the world;
- Religion bereft of its internal spiritual substance suffered constant decline until society became essentially godless;
- The godless way of life caused a collapse of morals to such an extent that society descended into a state of moral chaos;
- Greed and lust provoked society to self-destruction; • Deception was used to steal mankind’s wealth and power;
- Globalisation is taking the whole world into the grip of Israel’s new messianic dictatorship. This was one of the main aims of the modern secular state.

The godlessness of modern European civilization was plainly apparent in its choice of ‘materialism’ to replace religion as the basis of society.

The godless European revolution was an even more mysterious phenomenon since it was accompanied by a complete transformation of the social and political structure of the world.

The new Europe directed a sustained attack on mankind by appealing to base instincts of greed and lust.

When she died, her Jewish 'partner' in life was introduced to the world as her 'companion'. Homosexuality was now a 'sin'.

A consumer revolution gave to mankind an insatiable appetite for acquiring more and more of the new consumer goods.

The new godless Europe proceeded to use 'power' to conquer the rest of the world and to colonize it, and to impose its 'democracy' on the rest of the world.

MERITS OF THE MODERN SECULAR STATE

The secular state could not have won acceptance amongst Euro-Christian and Euro-Jewish people, or amongst the rest of the world, if it had not had some merits.

It also skillfully bribed its way into the bellies and the hearts of mankind through its inventive creativity. It offered to the world a new 'democracy'.

But these obvious merits of the secular state, some of which also existed in the city-state of Madina established by the Prophet Muhammad (ﷺ), were not enough to win the world's acceptance.

The democracy of the modern secular state turned out to be a sugar-coated pill of poison. The 'political' system was a fraud.

The new Europe proceeded to use its invincible military power and awesome powers of deception to dominate the rest of the world.

Western colonial rule was now imposed upon the rest of mankind, including the Muslims, and through this rule the world was divided into 'colonies' and 'metropolises'.

The result was that the world of Jews, Christians and Muslims entered into a collective trial of all trials (fitna). The result was a collective trial of all trials (fitna).
"Follow what has been sent down unto you by your Lord-God, and follow no Master other than Him. How should you be guided?"
(Qur'an, al-'Araf, 7:3)

The new modern secular state devised a system of electoral politics for constituting Parliament, Government,

There is nothing in the revealed scriptures (Torah, Gospel, Qur'an) or the Sunnah (example or way of life)

"... nor does He share His Command (i.e., His Sovereignty, Supreme Authority, Governance, Rule, etc.)"
(Qur'an, al-Kahf, 18:26)

"Praise be to Allah (Who) has no partner in His Sovereignty ... "
(Qur'an, Banu Israil, 17:111; al-Furqan, 25:2)

The Qur'an also warns those who help in an evil deed that they will share in its burden:

"Whoever recommends and helps a good cause becomes a partner therein: and whoever recommends and helps an evil cause becomes a partner therein"
(Qur'an, al-Nisa, 4:85)

SHIRK AND KUFR IN THE MODERN SECULAR STATE

Euro-Christian and Euro-Jewish civilization used to be based on faith in God and in His Sovereignty and

The Prophet (sallallahu 'alaihi wa sallam) prophesied that Muslims would betray Islam by imitating and following the ways of those nations who were before them.
"Narrated Abu Said al-Khudri: The Prophet said, You will follow the ways of those nations who were before you"

Then he warned that when Muslims would imitate the Jews and Christians (i.e., the Jewish-Christian alliance), they would be like them.
"Narrated Abdullah ibn Amr, Allah's Messenger said: There will befall my Ummah exactly (all those) evils which befall the Jews and Christians"
(Sunan, Tirmidhi)

Muslims who pledge allegiance to the modern secular state, or vote in the elections of that state, cannot avoid Shirk (associating partners with Allah).
"Surely Allah does not (or will not) forgive Shirk. But He (can) forgive everything else to whomsoever He wills"
(Qur'an, al-Nisa, 4:48)

Whoever commits Shirk, and dies in that state, can never enter into heaven:

"... Allah has made it Haram for whoever commits Shirk to ever enter into heaven. Such (people) will dwell therein forever."
(Qur'an, al-Maidah, 5:72)

The worship of idols is the most overt form of Shirk. This form of Shirk has largely disappeared from the world:

"You will find Jews and those who commit Shirk to have the greatest hatred and enmity (time and again, until they are destroyed)."
(Qur'an, al-Maidah, 5:82)

But there are other forms of Shirk that are also described in the Qur'an. Pharaoh, for example, declared:

The Qur'an has repeatedly admonished those who, like Pharaoh, establish Hukum, i.e., government, law, and order:

"... And whoever fails to govern (judge, etc.) on the basis of that which Allah revealed has committed a great sin."
"... And whoever fails to govern (judge, etc.) on the basis of that which Allah revealed has committed a great sin."
"... And whoever fails to govern (judge, etc.) on the basis of that which Allah has revealed, has committed a great sin."
(Qur'an, al-Maidah, 5:44 - 47)

Since the declaration by Pharaoh and its concrete application in the land of Egypt were acts of Shirk, it follows that:

If a Jew, Christian, or Muslim, were to cast a vote in a national election in a modern secular state, that would be an act of Shirk:

"They took their Priests and Rabbis as Lord-Gods beside Allah; and (they did this in respect of) the Messenger of Allah."
(Qur'an, al-Taubah, 9:31)

When this verse of the Qur'an was revealed a man came to the Prophet (sallallahu 'alaihi wa sallam) and said:

When the Jews acted in this way, David ('alaihi al-Salam) and Jesus ('alaihi al-Salam) cursed them:

"Curses were pronounced on those among Banu Israil who rejected Faith, by the tongue of David and of Jesus."
(Qur'an, al-Maidah, 5:78-9)

Whoever dies with a curse of a Prophet upon them have no chance whatsoever of ever escaping from that curse:

"The Hypocrites, men and women, (have an understanding) with each other: they enjoin evil, and forbid good."

(Qur'an, al-Taubah, 9:67)

If it was an act of Shirk when priests and rabbis made Halal that which Allah declared to be Haram, then

The usual method of approach for studying this subject is to weigh the 'pros' and 'cons' of participation b

Our response is to point out that participation in electoral politics in a secular state, ipso facto, signifies a

Secondly, when believers vote in elections in a secular state they have to vote for a political party. If that

The defining characteristic of the religion of Abraham ('alaihi al-Salam) is that there is no place whatsoever

How then do we explain the acceptance by Muslims around the world of the modern secular state, such

THE CALIPHATE AND THE MODERN SECULAR STATE

The Islamic Caliphate was a conception of a state and political system that recognized Allah's Sovereignty. *"Oh you who believe, obey Allah, and obey the Messenger, and (obey) those from amongst yourselves"* (Qur'an, al-Nisa, 4:59)

Islam refused to recognize divided loyalties, and one could deliver a sacrifice, and loyalty to the state and yet

Europe destroyed that Islamic model of a state and political system when the Ottoman Caliphate was taken

There are a number of reasons that explain why Europe targeted and destroyed the Islamic Caliphate. The

Prophet Muhammad (sallallahu 'alaihi wa sallam) prophesied that the Caliphate would disappear. He did not say "How will you be at that time when the son of Mary descends amongst you and your Imam (i.e., Amirul Mominin)" (Sahih, Bukhari)

This Hadith revealed three things:

Firstly, it informed us that the Caliphate would be present in the world in the 'End Time'. This amounted
